DETAILED ACTION

Claim Objections

1. Claims 6 and 7 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim cannot depend from any other multiple dependent claim. See MPEP § 608.01(n). Accordingly, the claims have not been further treated on the merits.

Specification

2. The abstract of the disclosure is objected to because numerals should be written in parenthesis or deleted. Correction is required. See MPEP § 608.01(b).

Allowable Subject Matter

3. Claims 1-5 are allowed.

4. The following is a statement of reasons for the indication of allowable subject matter:

Regarding claim 1, the prior art of record neither shows nor suggests a transparent layer having a thickness of 1 mm or greater that is capable of reducing the resolution of speckling that occurs on the surface of the aluminum foil and causing the reduced-resolution speckling to reach the surface diffusion layer is provided between the transparent adhesive layer and the aluminum-foil reflecting layer.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Oita et al. (EP 0 766 126 A1) disclose a projection screen comprising a light reflecting layer, a polarizing layer, and a light diffusive layer.

Lippey et al. (US Patent Number 7,515,336 B2) teach a selective reflecting projection screen.

6. This application is in condition for allowance except for the following formal matters:

a. Claims 6 and 7 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim cannot depend from any other multiple dependent claim. See MPEP § 608.01(n).

b. The abstract of the disclosure is objected to because numerals should be written in parenthesis or deleted. Correction is required. See MPEP § 608.01(b).

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to MAGDA CRUZ whose telephone number is (571)272-2114. The examiner can normally be reached on Monday through Thursday 8:00-5:30 PM.
